

Phlebotomy with EKG Training

Phlebotomists are trained to take blood from adults for a variety of procedures including medical procedures, tests, transfusions, and research. EKG training allows you to administer tests to record and analyze electrical impulses transmitted by the heart. You'll learn the medical terminology and laboratory skills you need to be successful in a new career. New classes start every 6 weeks!

How long does it take to complete?

The program is broken up into two 6-week modules. The hands-on externship may take 6-10 weeks to complete.

What does this program cost?

The cost for the program is \$6050.00.

Are there additional costs?

Yes. You will be responsible for the cost of books and supplies which includes the purchase of scrubs and appropriate shoes. Estimated fees \$850.00.

Is financial aid available?

Yes! You can apply for financial aid. Help with completing the FAFSA (Free Application for Federal Student Aid) application is available in Berks Hall Room B106. No appointment necessary.

Are there scholarships?

Yes! You can apply for the Mae W. Langan Scholarship. Scholarship applicants must apply for FAFSA in order for your application to be considered.

What are the requirements?

Please call 610.375.8188 or visit racc.edu/careertraining to complete an interest form.
