The Business Academic Certificate, utilizing on-line courses exclusively, is designed to develop basic skills necessary for business-related careers. The knowledge from these courses will be helpful in entry-level management or management trainee positions. It will also be helpful as a basic primer on business for accomplished professionals who seek a basic business background. Coursework may later be applied to the Business Management College Credit Certificate, as well as to the Business Management Associate in Applied Science degree and the Business Administration transfer degree.

Online (OL) may not be offered every semester. Please check the schedule.
